# Google Two-Step Verification

Two-Step Verification is being implemented at Auburn-Washburn USD 437. These are the instructions on how to set it up and use it. Each type is explained below so please read through.

1. Manage your Google Account

- Open a new tab and click your profile picture
- Select Manage your Google Account, then security
- Scroll down to Signing in to Google, select 2-Step Verification
- Turn on 2-Step Verification
- Google prompts, Authenticator app, Voice or text message, or Backup Codes are the options to choose from

2. Google Prompts

If you are using the GMail app with your phone, this will be the default method.

- When signing into your google account, your phone will be notified

- Clicking the notification, or opening your gmail app will prompt you to verify you are signing in

Are you trying to sign in?

vandenat@usd437.net

Device
Windows NT 10.0

Near
Topeka, KS, USA

Time
Just now

✕ No, don't allow   ✓ Yes, it's me

3. Authenticator App

- This is the same app, Google Authenticator, we use to sign into Infinite Campus
- You can find this app in your app store
- When signing in, it will ask you for a six digit code you can retrieve from you app
Google (vandenat@usd437.net)

137 926

4. Voice or text message

- Verify your phone number to your account
- When signing in, it will send you a code to type in

G-092095 is your Google verification code.

5. Backup codes

- Backup codes are great when you don't want to use your phone
- This generates ten, one time codes that can be printed or downloaded
  - When signing in, they will ask you for an eight digit code to enter
  - Once all codes are used, you will have to generate more

← Backup codes

Print a list of codes to keep with you that you can enter to sign in. Keep these backup codes somewhere safe but accessible.

YOUR BACKUP CODES
